------------------	-----------	---------------------

MB/NC ¹	Clause/ Subclause (e.g. 3.1)	Paragraph/ Figure/ Table/ (e.g. Table 1)	Type of comment ²	Comments	Proposed change	Observations of the secretariat
Cristina Martín	5.1.1	Paragraph 3	G	In this clause, it talks about the closed functionality, but it's not explicated until the third and last paragraph what it is closed functionality.	Change of order of paragraphs. Put the third paragraph first to make it more understandable.	
Cristina Martín	5.1.2.1	Paragraph	G	In this clause, it says that it will satisfy the requirements established in the clause 5.2 to 5.13, as appropriate, but these clauses had not explained yet. This clause will be more understandable if it will be written after the other ones required.	Change the order. This clause has to be written after the clause 5.13.	
Cristina Martín	5.1.2.1	Note 2	G	In this clause, it says that it will satisfy the requirements established in the clauses 5.2 to 5.13, as appropriate, but this clause had not explained yet. This clause will be more understandable if it will be written after the other ones required.	Change the order. This clause has to be written after the clause 5.13.	
Cristina Martín	5.1.2.2	Paragraph	G	In this clause, it says that it will satisfy the requirements established in the clauses 5.1.3 to 5.1.6, but this clause had not explained yet. This clause will be more understandable if it will be written after the other ones required.	Change the order. This clause has to be written after the clause 5.1.6

MB/NC ¹	Clause/ Subclause (e.g. 3.1)	Paragraph/ Figure/ Table/ (e.g. Table 1)	Type of comment ²	Comments	Proposed change	Observations of the secretariat
Cristina Martín	5.1.3.4	Note 2	T	<p>The note 2 says: It is best practice to allow the user to repeat only the most recent portion rather than requiring play to start from the beginning.</p> <p>The standard should provide to the user the functionality of repeat the audio from the beginning.</p>	Write a new note or modify note 2. Introduce that functionality that the user can repeat the audio from the beginning.	
Cristina Martín	5.1.3.9	Paragraph	G	<p>The paragraph says: the corresponding auditory output shall only be delivered through a mechanism for private listening that can be connected without requiring the use of vision, or through any other mechanism explicitly chosen by the user.</p> <p>In this case, it could exist also an option in which the user can listen loud the audio only if the user chooses this option. This is clarified in the note 2.</p>	Enter option for private data output without private devices in the first paragraph as in the previous clause to maintain a format.	
Cristina Martín	5.1.3.15	Paragraph	T	<p>The paragraph says that the output shall identify and describe the item that is in error.</p> <p>It also has to stop any other reproduction that you are performing as explained in clause 5.1.3.5</p>	Enter the option that error messages can interrupt the audio output.

MB/NC ¹	Clause/ Subclause (e.g. 3.1)	Paragraph/ Figure/ Table/ (e.g. Table 1)	Type of comment ²	Comments	Proposed change	Observations of the secretariat
Cristina Martín	5.1.4	Paragraph	G	The formula is too complex to understand how it should be applied.	Enter a graphic example of the transformations and measurements.	
Cristina Martín	6.2.1.2	Note	T	This clause says that maybe could happen that the RTT replace o admit voice and transfer additional information. This is a problem in the behavior of the software.	Look for options in order to this does not happen.	
Cristina Martín	6.2.2.2	Note	T	The clause's note says: The intent of this clause is to enable screen readers to be able to distinguish between incoming text and outgoing text when used with RTT functionality. That is the same that is explained in the clause 6.2.1.2.	Remove o rewrite this clause.	
Cristina Martín	6.5.3	Paragraph	G	The information that is explained in the clause 6.5.3 is repeated. the clause 6.5.1 is a general explanation about the frames per second that has QCIF and CIF.	Remove this clause.

MB/NC ¹	Clause/ Subclause (e.g. 3.1)	Paragraph/ Figure/ Table/ (e.g. Table 1)	Type of comment ²	Comments	Proposed change	Observations of the secretariat
Cristina Martín	6.6	Paragraph	T	<p>The paragraph says: the ICT should offer users a means to access the information and carry out the tasks related to these facilities.</p> <p>But this clause doesn't say how to do it. This clause is similar to clause 6.4, and in it, it clarifies that the option has to be given in the form of a text and at least one other option different from the first.</p>	Add to this clause that you have to give the option in the form of text and at least one other option different from the first.	
Cristina Martín	8.3.2.1	Figure 1	G	The figure is not understandable.	Change the image of the clause to another one that is more illustrative.	
Cristina Martín	8.3.2.1	Figure2	G	The figure is not understandable.	Change the image of the clause to another one that is more illustrative.	
Cristina Martín	8.3.2.4	Paragraph	G	It should follow the explanatory format of the epigraphs that surround them, as it is difficult to understand without a visual example	Add an image to the clause in order to be more illustrative.

MB/NC ¹	Clause/ Subclause (e.g. 3.1)	Paragraph/ Figure/ Table/ (e.g. Table 1)	Type of comment ²	Comments	Proposed change	Observations of the secretariat
Cristina Martín	8.3.3.1.2	Paragraph	G	The epigraph 8.3.3.1.1 and 8.3.3.1.2 can be merged, since they are talking about the same thing: Objects that must be reached without obstacles. In addition, 8.3.3.1.3 talks about the reach of objects with obstacles, so it would be more uniform merge this two ones clauses in order to have, objects without obstacles in a subclause and in other subclause objects with obstacles.	Merge clauses 8.3.3.1.1 and 8.3.3.1.2.	
Cristina Martín	8.3.3.2.2	Paragraph	G	The epigraphs 8.3.3.2.1 and 8.3.3.2.2 can be put together, since they are talking about the same thing. Objects that must be reached without obstacles. In addition, 8.3.3.2.3 talks about the range of objects that must be reached with obstacles, so it would be more uniform.	Merge clauses 8.3.3.2.1 y 8.3.3.2.2.	
Cristina Martín	8.3.4	Note 1	G	Note 1 says the aim of the clause so it would be useful to put it first in order to be more understandable.	Write note 1 before the paragraph of the clause.	
Cristina Martín	8.3.5	Paragraph	T	The clause explains that they must have instructions describing a method for installing ICT in a way that guarantees clauses 8.3.2 to 8.3.4. Also, it has to give an alternative option to text option.	The clause has to give an alternative option to text option.
